10.0 BEG - Overview & Specifications

Cylinders: 4
Bore: 2.97 in.
Stroke: 3.23 in.
Displacement: 89.60 cu. in.
Aspiration: Natural

Length: 33.80 in.
Width: 20.80 in.
Height: 23.50 in.
Weight: 466.00 lbs.

Continuous Quality Power

The Westerbeke family of "Houseboat Generators" is powered by dependable four-cylinder engines for smooth and quiet operation. Their proven reliability with houseboat rental fleets has made Westerbeke gensets the "Standard of the industry." These modern overhead cam engines operate at a slow 1800 RPM for long life and low maintenance. The unique Westerbeke Gasdenser insures an uninterrupted flow of gasoline to the engine in the high ambient temperatures typically found in generator compartments and engine rooms.

All Houseboat Series Westerbeke gensets come with a 5-year limited warranty. As an added convenience, Westerbeke also offers Spare Parts Kits for routine maintenance or for a complete overhaul, available for each model generator we manufacture. Just ask your local distributor or dealer about these and many other available options. The Houseboat Series from Westerbeke: Continuous - Quality - Power.

Standard Equipment

- Electronic voltage regulation
- Fresh water cooling
- Electric 12-Volt fuel lift pump
- 50-Amp battery charging alternator
- Overspeed shutdown
- High water temperature shutdown
- High exhaust temperature shutdown
- Low oil pressure shutdown
- Belt guard
- Removable drip tray
- Power take-off interface
- Hourmeter
- The Westerbeke-designed Gasdenser™ Anti-Vapor Lock Device
- Lube oil drain hose
- 50Hz or 60Hz, field convertible
- A.C. circuit breaker installed
- Operator's and parts manual
- One-side servicing
- EPA & CARB compliant
- Meets U.S.C.G. Regulation 33CFR-183

Optional Equipment

- Remote start/stop panel
- Remote engine instrument panel
- Ship-shore transfer switch
- Hydro-hush muffler
- Anti-siphon Valve
- Technical Manual
- "A" on board spare parts kit
- "B" extended cruising spare parts kit
