## 4.0 BCDA - 60 Hz Only - Overview & Specifications

**Cylinders:** 3  
**Bore:** 3.00 in.  
**Stroke:** 2.80 in.  
**Displacement:** 58.09 cu. in.  
**Aspiration:** Natural

**Length:** 28.80 in.  
**Width:** 16.00 in.  
**Height:** 20.70 in.  
**Weight:** 356.00 lbs.

### NEW 1800 RPM 4kW - Outstanding Value

#### Quiet and Compact

Operating at 1800 RPM with a tuned air intake silencer and four point vibration mounts, the 4.0 BCDA runs smooth and quiet. Designed specifically for the tightest installations, this generator has one of the smallest envelopes available in its class. The 4.0 BCDA occupies only 5.4 cubic feet of space!

#### Powerful, Lightweight and Reliable

The 4.0 BCDA is powered by an industrial .8 liter engine supplying a full 4 kilowatts while weighing only 358 pounds. A very popular generator, the 4.0 BCDA continues to support the strong record of reliability Westerbeke has built supplying generators to the United States Navy and Coast Guard as well as commercial vessels and pleasure craft.

#### Easy Operation and Maintenance

To minimize engine maintenance, the 4.0 BCDA operates at a slow 1800 RPM and is fresh water cooled for longer life. Easy access to all servicing points and individually removable top and side panels of the optional sound enclosure allow easy installation and maintenance.

#### Full Torque, Power Take-Off Interface

A customer sourced, electric clutch and hydraulic pump can be mounted to the full torque, power take-off interface for use with such items as bow thrusters, compressors, winches and "take-home" systems.

#### Five Year Limited Warranty

The 4.0 BCDA is backed by Westerbeke's 5-year limited warranty. The presence of Westerbeke is over 65 countries around the world provides customers with easy access to parts, service and technical support world wide. Established in 1937, Westerbeke is committed to providing its customers with quality products and unequalled after sales support.

#### Standard Features

- Instrument panel and safety stop switch
- Remote start-stop plug-in connection
- Extra oil pressure switch for remote signal or control functions
- Safety shut-downs – high coolant temperature, low oil pressure, high exhaust temperature.
- A.C. Circuit Breaker installed (single phase)
- 17 Amp Battery Charger
- Power take-off interface
- Self-bleeding fuel system
- Fresh water cooling and coolant recovery tank
- 45° water injected exhaust elbow
- Gear-driven raw water pump
- Tuned air intake silencer
- Vibration mounts – fail safe rubber type
- Lube oil drain hose and drip tray
- Oil fill – top and side
- Belt guard
- Operator's manual and parts list
- EPA, CARB & CE compliant

#### Optional Equipment

- Remote start-stop panel
- 15' & 30 connectable panel ext. harness (up to 60'/18.3m)
- Dual station engine instrument panel with senders
- Ship shore switch
- Power takeoff adapter
- Fuel filter/water Separator
- Hydro hush muffler and fittings
- "A" on-board spare parts kit,
- "B" extended cruising spare parts kit
- Anti-siphon valve for overboard cooling discharge water
- Technical Manual
- Sound Guard SST sound enclosure

#### Optional 4.0 BCDA Sound Guard SST

The optional [Sound Guard SST](#) enclosure provides optimum silencing for the generator. Ruggedly constructed with stainless steel base, frame and powder coated aluminum panels; the Sound Guard SST also provides optimum corrosion resistance. All 5 panels are removable for easy servicing and maintenance.
